

- Without commitment, there may be some funding available for participants to offset their labor costs. Below are the details.
- The application form for the potential cost-share funding is at https://docs.google.com/forms/d/1NK9zJlwaUNKV0_yAHsZXtl3mzOA9riNAu86iP1RzSo0
- To be eligible for the funding, the participants:
 - must be OGC Members in good standing or be employed by an OGC Member in good standing
 - must have registered to participate in the sprint before 07:00am EDT on May 26th, 2021
 - must spend at least 24 hours participating in the sprint during the three-day sprint
 - must complete and submit an application for cost-share funding before 10:00am EDT on May 26th, 2021

- Note that applying for the funding is not a guarantee that any funding will be received. In calculating the funding to award, if any, OGC will consider the following prioritization based on the number of applications received:
 1. Editors of the draft OGC Standards in focus will take priority,
 2. Participants that implement OGC APIs that provide maps (including map tiles), styles or tiled feature data from the Sponsors' products.
 3. Participants that implement OGC APIs with any data
